Business and Investment Climate Survey 2012

Dear Members,

the Netherlands Chamber of Commerce in the Slovak Republic together with its partners organizes this year again the Business and Investment Climate Survey among European investors in Slovakia.

The results of the survey are very important to attract the interest of politicians and the general public. At the same time we support the exchange of information among European companies in Slovakia and afford the opportunity for better evaluation of local site-related factors.

We would like to ask you to support this initiative and fill in the online questionnaire:

<http://konjunkturumfrage.ahk.de>

Your information will be kept strictly confidential and processed anonymously. From the published results there are no conclusions about the participating companies possible.

Please submit the questionnaire until **29th February 2012**.

Thank you.

Best regards

Mirka Tvarogová Michalková
